

Fusion Recap Night

What we want students to learn: Jesus made a way so we can light the way.

What we want students to do with what they've learned: Bring light to their homes, clubs, schools, teams, and lunch tables this week.

Scripture Focus: Matthew 5:14-16

Supporting Scripture: Luke 18:27

The Main Point

We are so excited about how God moved at Fusion Weekend. Tonight, we simply want to take time to reflect and celebrate how God moved in the hearts of our students. Whether students accepted Jesus as their savior or decided to take new steps of faith, it is all worth celebrating. For those students who did not attend Fusion, tonight will be a great night to learn about a few of the big takeaways other students had from Fusion. Also, if you attended Fusion we just want to extend another thank you for all that you did to help make this event a success. We could not have done it without you! If you were not able to make it, we would love for you to join us next year.

INTRODUCTION

As you jump into small group tonight, spend some time recapping Fusion for any student that did not attend.

- **What was the main theme of Fusion and what does that theme mean?**
 - *Jesus made a way so we can light the way. As believers, we are called to both be the light and bring the light to the people around us.*

Now that everyone is up to speed, ask the following questions as you begin to unpack this week:

- **Tell one funny story from Fusion.**
- **What surprised you about Fusion weekend?**

PRAY your students would keep a fire burning in their spirit as we have just ended Fusion and they are getting back into a regular schedule. Pray for the conversations and relationships that have been built and those that have been restored.

LESSON

- **Is your relationship with Jesus any different now that you have experienced Fusion? What do you think has changed?**

During Fusion we had 3 services, each discussing a different "bottom line."

- **What did we learn about during the first service at Fusion?**
 - *Jesus made a way for us in the wilderness.*
- **What did we learn during the second service?**
 - *The world isn't getting darker, believers are getting dimmer.*
- **What did we learn during the third service?**
 - *Distractions keep us from living out our calling.*
- **Which service, out of the three did you need to hear the most? Why?**

At Fusion, we learned that Jesus made a way so we can light the way. Now, have your students read Matthew 5:14-16 and then discuss the following questions.

- **What does this passage mean to you?**
- **What do you think it means to be the light of the world?**
- **When have you ever tried to "hide your light?"**
 - *Following Jesus is not always accepted by the people around us. In those moments, it can be easy to get embarrassed and "hide our light." In order to work on this, we need to first notice the moments in which we do it*

LIFE APPLICATION

Now that they are back in their normal routines, the things they experienced and committed to at Fusion now most likely seem a little more daunting. Read Luke 18:27 and then discuss the following questions.

- **How does this verse encourage you personally?**
- **Is there anything you committed to at Fusion that feels impossible to you now?**
- **What is one thing you can do to get one step closer to this commitment?**

Right now, post Fusion, your students probably have a new momentum. Help them use this momentum to better themselves, better FP Students, and most importantly, better the Kingdom. Be sure to follow up with all the students who mentioned something above. Continue to encourage, guide and pray for them as they begin to step out in faith.

TAKE IT OUT

Close small group out with prayer requests. Pray that your students would have the confidence to truly believe that Jesus has called them to be the light.

After prayer, be sure to remind them of Movement Conference and THE WEEKEND!
